

«Medical Armenia»

Armenia is a perfect place for you, if you want a highly qualified medical care. It is one of the medical tourism centers.

Our package Medical Armenia includes:

1. Transfer from airport RT
2. BB hotel or apartment with kitchen (near metro, not in city center)

3. Stomatology Services

If you are in Armenia, you have the access to some of the World's best dental care. Armenian dentists make use of sophisticated 3D imaging technology to pinpoint patient needs, and offer precise treatment plans. State-of-the-art implant technology makes it possible for patients who are short on time, to have all their implants installed in a single day.

4. Aesthetic procedures and plastic surgeries

Plastic Surgery Clinics of Armenia are well-equipped and periodically updated with modern technologies, which allow using in daily practice more effective and less invasive treatments. Major areas of specialization include rhinoplasty, mammoplasty, abdominoplasty, facelift surgery, and other.

5. Online consultation and preliminary diagnostics

6. The opportunity to take part in tours

If you are a medical traveler it is a great chance for you to take part in tours and enjoy the hospitality of Armenian people and also discover one of the most ancient countries of the world.

Group orders are with discounted rates.
